K MUNI KUMAR

Python Full-Stack Developer

Hyderabad, India | +91 6305514066 | munikumar0319@gmail.com

LinkedIn | GitHub | Portfolio

Professional Summary

Python Full-Stack Developer with **500+ hours** of hands-on coding experience in Python, Django, React.js, and JavaScript. Developed **2 web applications**, demonstrating frontend development, application logic, and data persistence. Proficient in Git, GitHub, HTML, CSS, and database management, with a strong foundation in problem-solving and software development. Seeking an entry-level Python Full-Stack Developer role.

Skills

Tech Skills

Languages: Python, JavaScript
Frontend: React.js, HTML5, CSS3
Backend: Django, Django REST Framework
Database: SQLite, MySQL
Tools: VS Code, Git, GitHub

Soft Skills

Problem Solving | Communication | Teamwork | Adaptability | Time Management | Analytical Thinking

Projects

Travel Trip GitHub | Live Demo

Tech Stack: React.js, JavaScript, React Hooks

- Developed a multi-step Travel Trip booking application using React.js and functional components with React Hooks for managing application state.
- Implemented form validation and data handling for traveler details, locations, date selection, guest management, and travel assistance.
- Designed Previous/Next navigation with persistent data, step completion indicators, trip summary, confirmation, cancellation, and new-trip functionality.

Pomodoro Timer / Productivity Tracker GitHub | Live Demo

Tech Stack: React.js, JavaScript, CSS, LocalStorage

- Built a Pomodoro Timer to track work sessions and breaks, featuring customizable timers and automatic session switching. Integrated notifications and sound alerts to enhance productivity and focus.
- Used LocalStorage to save user preferences and session data, allowing settings to persist between visits.

Experience

The National Small Industries Corporation Ltd June 2023 to July 2023

Data Science Intern

- Developed data-driven applications using Pandas, NumPy, and Matplotlib for data analysis and visualization.
- Applied feature selection techniques to improve predictive modeling, reducing data analysis time from hours to minutes and improving report efficiency by 50%.

Leadership & Activities

Frost Hacks | Major League Hacking (MLH) January 2024

Logistics Team

- Contributed to organizing Frost Hacks in the logistics domain at the Institute of Aeronautical Engineering on January 20 to 21, 2024.
- Received a Certificate of Achievement for outstanding performance in organizing the event.

Education

Institute of Aeronautical Engineering 2022 to 2026
B.Tech in Computer Science and Engineering (Data Science), CGPA: 8.54/10 Hyderabad, India

Narayana Junior College 2020 to 2022
Higher Secondary Education (MPC), 97.4% Hyderabad, India

Narayana Concept High School 2020
Secondary Education, GPA: 10.0 Hyderabad, India

Certifications

- Field Project in Data Science Using Python, NSIC, July 2023 **View Certificate**
- Enhancing Soft Skills and Personality, NPTEL, April 2025 **View Certificate**
- Python Full Stack, AICTE, April 2025 **View Certificate**
- IBM Data Fundamentals, IBM SkillsBuild and Credly, October 2025 **View Certificate**
- Frost Hacks - Major League Hacking (MLH), January 2024 **View Certificate**
